

Join the Growing Number of Healthcare Providers Fighting HIV and other STDs through Effective Prevention!

Ask, Screen, Intervene:

Incorporating HIV Prevention into the Medical Care of Persons Living with HIV

Monday, March 29, 2010

8:30 am - 4:00 pm

Volusia County Health Department

1845 Holsonback Drive

Daytona Beach, FL 32117

THE ASK, SCREEN, INTERVENE CURRICULUM

- MODULE 1:** Introduction to periodic STD screening, treatment and proven prevention strategies
- MODULE 2:** Delivering feasible and effective prevention messages in a busy clinical setting
- MODULE 3:** Tailoring brief individual interventions and maximizing referrals
- MODULE 4:** Utilizing free and effective Partner Services programs

TARGET AUDIENCE:

Nurses, Advanced Practice Nurses, Physician Assistants, Physicians, and others involved in HIV clinical care or who see HIV-positive patients in their practice

OBJECTIVES:

- After attending this training, participants will be able to:
- Outline a correct approach for screening for STDs in HIV positive individuals
- Address patient misconceptions about HIV transmission
- Provide brief behavioral interventions and referrals for more intensive interventions
- Initiate discussion of the four partner referral options with patients

This program is a collaboration between the Florida Department of Health Bureau of HIV/AIDS, the Florida/Caribbean AIDS Education and Training Center, and the Sylvie Ratelle STD/HIV Prevention Training Center of New England.

Sylvie Ratelle
